Why Not Let Us Take Your Order for a SPRING SUIT

Instead of buying it from a sample
and having it made in Cincinnati.
An order placed with us has our per-

not patronize a home industry in-
stead of an out of town house?

ANNOUNCEMENTS.

COMMISSIONER OF AGRICULTURE.
We are authorized to announce T. T.
HEDGER as a candidate for Commis-
sioner of Agriculture, subject to the
will of the Democratic Party. Pri-
mary May 9th, 1903.

THAT Irish half of Mr. Roosevelt
must be black Irish.

TEDDY is determined to cram the ne-
gro down the country's throat if
it takes all summer.

Now look out for "peanut politics" in
France. Paris has just taken to Amer-
ican goobers and reports say can not get
enough of them.

It just seems like you can't always
tell. Now a Wisconsin woman 103
years old attributes her long life to a
generous diet of pork.

THE Colored State Democratic Club
are preparing for a big demonstration
in Lexington on to-morrow. They will
have a big torch light procession.

The attitude of President Roosevelt
toward the negro was indorsed in a
rousing meeting of negroes in New
York city.

THIRTEEN Senators closed their ca-
reers Thursday, but as Senator Deboe
was among the number it cannot be
considered unlucky.

THE report that the retail cigar war
in New York has reached the stage
where Havana cigars are given away
must be a pipe dream.

It would take a shorthand writer from
now until the election day to record the
names of all the candidates, but what
shall the harvest be?

THE Citizens' ticket, made up of Dem-
ocrats and Independent Republicans
and headed by M. E. Ingalls for Mayor,
was formally nominated by a mass-con-
vention in Cincinnati.

A NEBRASKA Judge and jury in the
case of Mrs. Lena H. Lillie held that a
woman is not entitled to make her hus-
band kick the bucket because she lost
all his money in bucket shops.

We have just had three months of
Congress, and are now threatened with
three or more weeks of the Senate.
When shall the wicked cease from
troubling and the weary be at rest?

THIS is the time of year when it is
well to discourage the efforts of the
hopeful young poet who is prone to sing
of the glories of "beautiful spring" be-
fore he becomes a public nuisance.

THAT is going to be a bar'l-bustin'
race for Mayor of Cincinnati between
incumbent Fleischmann, the yeastman
and turfman, and Ingalls, the ableman
and railroadman. There'll be millions
in it.

THE Elkton Progress, says: "The
opera house manager at Madisonville
has stopped peanut eating. What in
the world does he expect lovers and
small children and ball heads to do dur-
ing acts?"

SENATOR JAMES B. MCCREARY, of
Kentucky, will probably be made a
member of the Senate Foreign Rela-
tions Committee, which has under con-
sideration the two treaties to be consid-
ered during the extra session.

J. P. MORGAN has gone to Cuba. In
this connection it is possibly permissible
to wonder to what sort of a combine
that interesting island will be found to
belong on the return of Mr. Morgan to
this country.

A GOOD receipt, "How to Cook a Hus-
band," is here given: "If he sputters
and sizzles, don't be alarmed or anxious.
Some husbands do this until quite done.
Add confectioner's sugar called kisses.
No pepper must be used on any account.
A little spice improves him, but must be
used with care and judgment. Stir him
gently and watch a while."

In a recent essay on advertising a col-
lege lecturer affirmed that publicity
actually creates commerce and is one of
the mainstays of business. "Civiliza-
tion," he said, "grows and rises by in-
creasing wants and without advertising
whatever is new and much that is use-
ful and attractive in business would be
long in passing into general use."

—Reports from most of the counties
indicate that wheat had ample snow

consequently the plants have suffered
but little from alternate freezing and

—The ninth sale of the Chicago Horse
Sale Co., was held at Dexter Park, last
week, and was the most successful yet
held by the company. The healthy
condition of the market was illustrated
by the large number of actual buyers
present. The Highwood mare, Gentle
Lady, 2:16¼, brought the highest price
of the sale, \$3,000, and was bought for
J. W. Lawson, of Dreamworld farm.

—A farmer from a neighboring
county, writing in the Farmers' Home
Journal last week claimed to have the
largest mule in the State. This mule, it
is said, measured seventeen hands and
one inch. Mr. Harvey Douglas, of this
city, seeing the article, had his big mule
brought out, which he claims is the
largest mule in the country. A com-
mittee of three were selected to take
the mules measure and his height was
found to be 18½ hands, by the standard.
Mr. Douglas will not make any bet on
his mule, but he says if any man in
Kentucky can beat it, he will not say
"mule" again as long as he lives.—Rich-
mond Clinician.

A NORTHERN paper quotes W. D.
Crum as saying: "There can never be
such a thing as a racial war, for the
colored man would be overpowered in a
moment. Social equality, the South
need not fear, for we do not seek it.
Emigration to Liberia is impossible, for
the blacks would not go, and even if
they should start the whites would not
let them go." It seems a pity that a
man with as clear and sensible views
and as seemingly excellent understand-
ing of conditions should be made the
victim of Mr. Roosevelt's mistaken pol-
icy and by means of it an injury to the
members of his race dependent on the
good will of the whites for their sup-
port.
